

4 Port Unmanaged PoE+ Switch **SKU: SW-100-04P**

The SW-100-04P is a compact Gigabit PoE+ switch that provides four PoE+ capable ports of Gb Ethernet connectivity with a total power budget of 58 watts. It is an excellent choice for expanding your network when using PoE-enabled devices such as IP cameras, wireless access points, AV over IP devices, control panels and easily fits into the widest range of environments. The durable metal case includes rubber feet and keyhole features for surface mounting options.

Use the SW-100-04P to:

- Connect up to 4 IP cameras or other PoE-enabled devices (max output 58 watts)
- Provide power to multiple PoE devices when space is limited like behind TVs or monitors in digital signage applications, on desktops in small conference rooms or classrooms

Features:

- Fanless for silent operation
- 1 dedicated uplink port ensures 4 reserved ports for providing PoE and network connectivity
- Durable compact metal case
- Includes rubber feet and keyhole features for multiple mounting options
- Plug and Play
- 10 Gbps switching capacity
- Three-year limited warranty
