

8 Port Unmanaged PoE+ Switch - DISCONTINUED **SKU: SW-100-08P**

This product has been discontinued. The closest substitutes are the SW-100-05PD and SW-505-8P-F models

The SW-100-08P is a compact Gigabit PoE+ switch that provides eight PoE+ capable ports of Gb Ethernet connectivity with a total power budget of 92 watts. It is an excellent choice for expanding your network when using PoE-enabled devices such as IP cameras, wireless access points, AV over IP devices, control panels and easily fits into the widest range of environments. The durable metal case includes rubber feet and keyhole features for surface mounting options.

Use the SW-100-08P to:

- Connect up to 8 IP cameras or other PoE-enabled devices (max output 92 watts)
- Provide power to multiple PoE devices when space is limited like behind TVs or monitors in digital signage applications, on desktops in small conference rooms or classrooms

Features:

- Fanless for silent operation
- 1 dedicated uplink port ensures 8 reserved ports for providing PoE and network connectivity
- Durable compact metal case
- Includes rubber feet and keyhole features for multiple mounting options
- Plug and Play
- 18 Gbps switching capacity
- Three-year limited warranty

Specifications

Dimensions & Measurements

Height	1.1
Length	17.78 cm (7 in)
Max Power Consumption	117 W
PoE Power Budget	92 W
Product Weight	2.6
Switching Capacity	18 GBPS
Width	4.3

Characteristics & Features

Connection Type	Wired
Port Location	Front
Power Cord	US Cord
Switch Type	• PoE • Unmanaged
TAA Compliant	No
UPC	655003921670

Certifications & Warranties

Certifications	• CB Report • CE • CE-EMC • CE-LVD • FCC • IC • NDAA 889 • RCM • RoHS • UKCA
