

PRSU Portable Flat Panel Stand **SKU: PRSU**

The PRSU Portable Flat Panel Stand was designed for every stage of use from storage to transport to set up to teardown. No tools are needed, and most people can set it up in under two minutes, even the first time. The rugged design can withstand the wear and tear that is commonplace in the rental and staging market. The PRSU also breaks down and folds up for easy space savings and can be stored in the PAC900 wheeled case accessory (sold separately).

PRSU includes the PSBUB Universal Interface Bracket to support a wide variety of displays from 200 x 200 to 860 x 515mm VESA.

Specifications
