

Adapt-LTS 21.5" Digital Signage Tablet with PoE++ Android 12, RK-3568 Processor

MCT-215LTS-POE

The Adapt-LTS 21.5" Tablet

Mimo's high-end tablets are designed specifically for the commercial and retail space, providing 24/7 running capability and superior performance over consumer tablet models. The Adapt-LTS digital signage media player is designed with durable hardware that is crafted and tested for the demands of retail, commercial, industrial and hospital environments as well as end-caps, kiosks, or customer-facing displays for point-of-sale applications.

The Adapt-LTS utilizes the security of wired with optional power over Ethernet OR the convenience of wireless Ethernet connections. Designed for fixed applications where a rugged mountable Android tablet is desired and where battery power is not required. The table features a rugged case and tempered glass exterior, SD card protection system, stereo audio output, VESA mounting capabilities, and more.

Features:

- Multi-point capacitive touchscreen
- CPU - ARM Cortex-A55
- 16GB eMMC Flash
- 2D Barcode scanner (optional)
- +, -, Up, Down, Menu/Enter
- Black ABS plastic
- Programmable LED light bars optional
- Tempered glass

Applications:

- POP/POS
- Gaming and entertainment
- Kiosk information system
- Secondary screen for productivity
- Conference room scheduling
- Digital signage
- Smart home access control
- Interactive and museum applications
