

50 CFM Fan Panel, 24dB, 220 - 240VAC **SKU: IUQFP-2**

The two rackspace Ultra Quiet Fan Panel System provides smart cooling and monitoring to ensure a reliable installation in areas where fan noise is not an option, including boardrooms, classrooms, offices, houses of worship, etc. Thermostatic, proportional speed DC fan control ensures ultra quiet operation by varying fan speed based on enclosure temperature. Overtemp notification, local and remote, offers additional operation monitoring. A unique feature of the system provides notification in the event of fan failure via a local display or remote signal to an external alarm device. ▪ 50 CFM cooling capacity ▪ Digital processor varies fan speed based on enclosure temperature for ultra quiet operation ▪ On-board digital processor monitors rack temperature via external sensor ▪ Local and remote notification of over temperature and fan fault can be sent to a control system

- Cooling panel rated 50 CFM at 24 dB
- Intelligent thermostatic proportional control
- Local and remote overtemp notification
- 220 - 240VAC input voltage

Specifications

Dimensions & Measurements

CFM	50
Depth	8.64 cm (3.4 in)
Height	8.89 cm (3.5 in)
Rack Units	2 RU
Shipping Weight	1.81 kg (4 lbs)
Volts AC	220 VAC
Width	48.26 cm (19 in)

Characteristics & Features

Available Internationally	Yes
Component Type	Active
Display	No
Mounting Points	2
Thermistor	No
UPC	656747103940
