

## VWMPop.ARMS

Pop-out Arms for Modular Menu Board

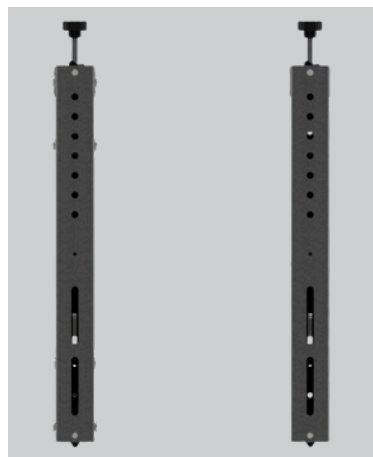

VWMPop.Arms are robust pop-out mounting arms designed for modular menu board installations, enabling easy front access to displays for service and maintenance. Thanks to the pop-out mechanism, screens can be smoothly pulled forward, providing convenient access to the rear of the display without dismantling the entire structure. This solution is ideal for QSR, retail, and digital signage environments, where quick servicing and clean installation are essential. Manufactured from high-quality steel and finished in durable black coating, VWMPop.Arms ensure long-term reliability, stability, and a professional appearance.

### FEATURES:

- Pop-out function for easy front access to displays
- Designed for modular menu board systems
- High load capacity up to 40 kg (88 lbs)
- Solid steel construction for maximum durability
- Compact design for clean and discreet installations
- Ideal for QSR, retail, and commercial AV applications

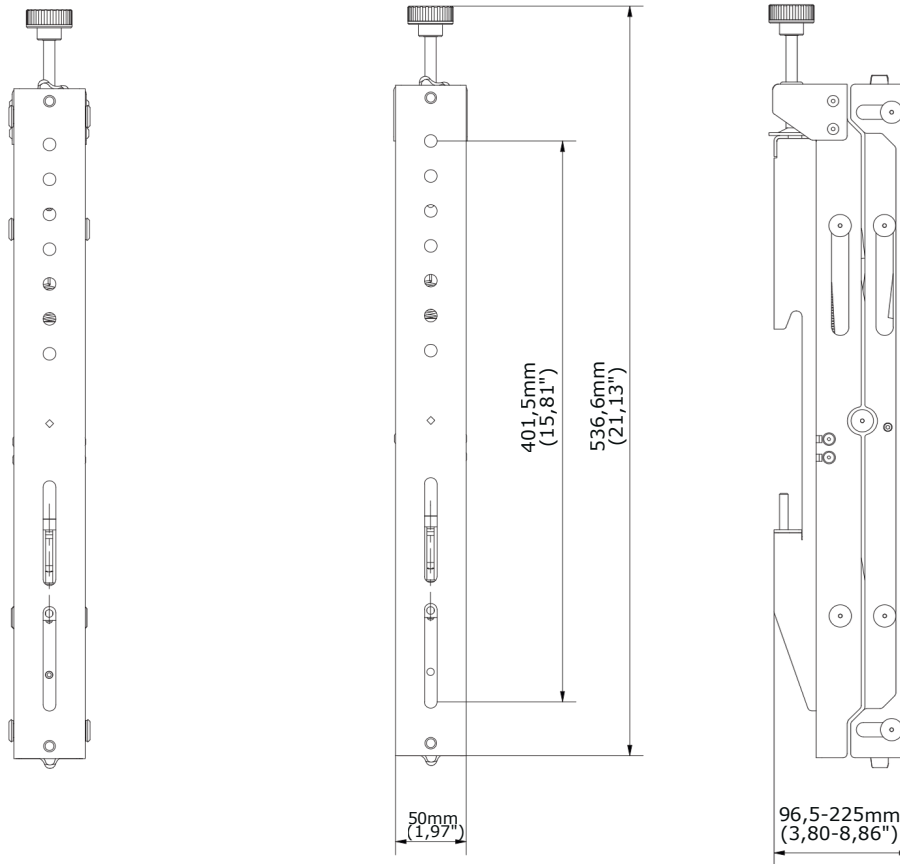

40 kg
