# INTRODUCTION

The ever-evolving, organic and minimal new line of product OPONA has become a reference model. OPONA exudes a soothing and refreshing vibe while embracing contemporary sophistication. Monochromatic colour schemes, space optimization, and environmentally friendly Buxkin fabric are the key elements in its design.

The inherent warmth of the materials makes it an ideal choice for reflecting interiors where the furniture must demonstrate and welcome the productivity and synergies of a collaborative team.

OPONA COLLECTION

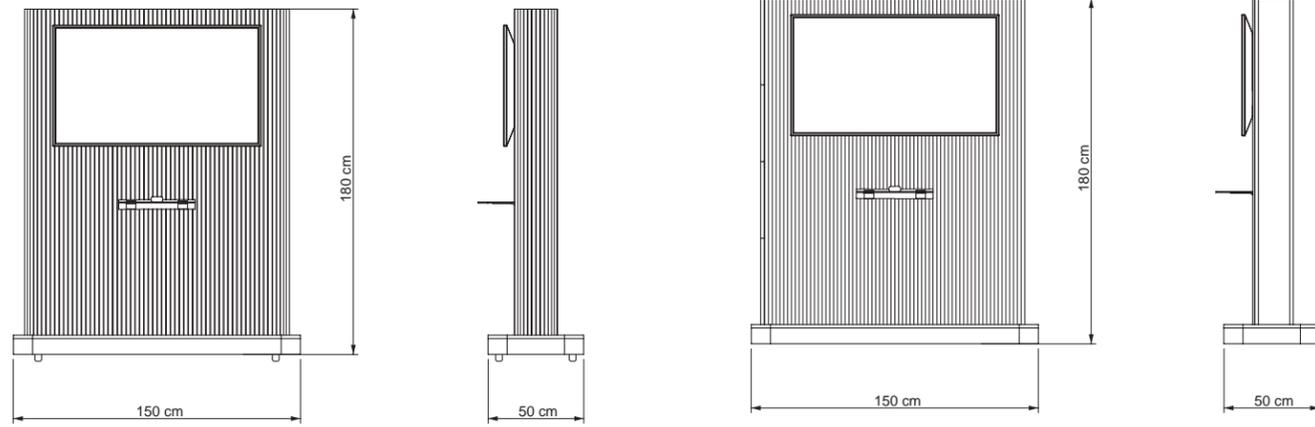

# VIDEOMOBILE

Mobility and flexibility are the key words to understand NOVA VideoMobile. Mounted on casters, they allow you to reconfigure your collaboration spaces according to your needs. Indeed, you will be able to change your layout and customize not only within a room, but also from one room to another.

As a result of inner cable management, hidden casters and technology integration, our product keeps its outstanding design far away from any visual contamination, ensuring that your meeting rooms will look like no other.

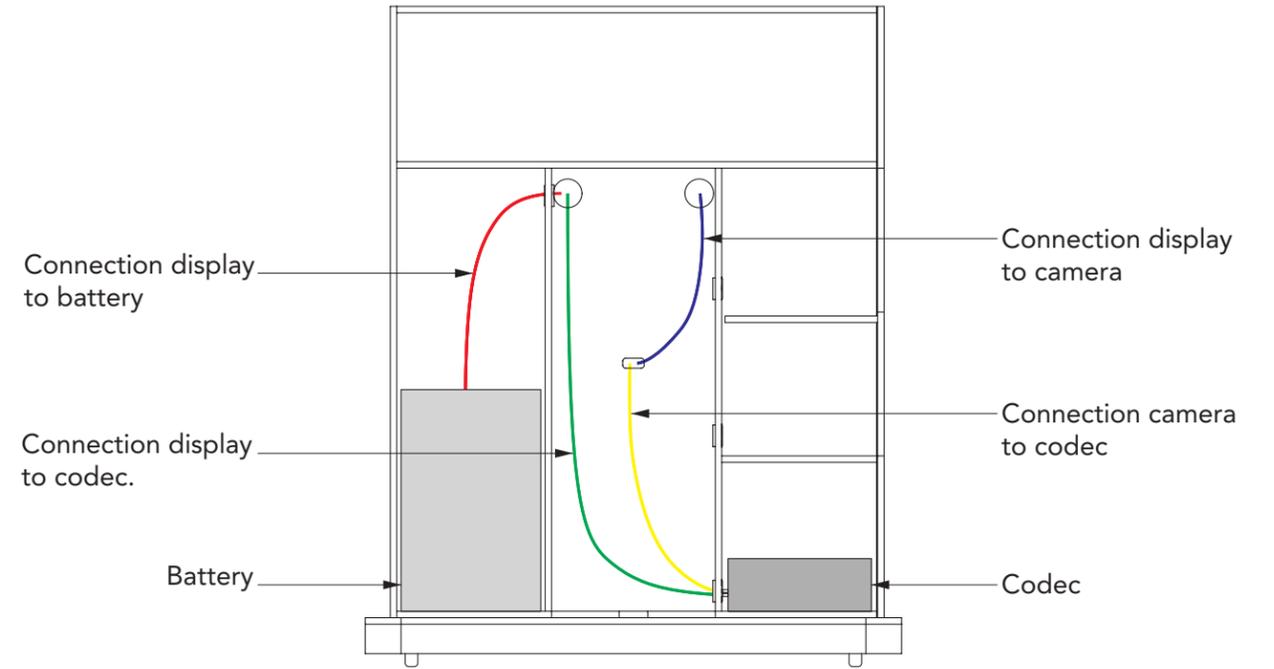

To increase your spectrum of choices, OPONA offers the option of curved or straight edges in your products.

# VISIOPANEL

Compact and subtle, the VIDEO PANEL OPONA was designed to take advantage of the space by increasing display size. Its elegant design will never go unnoticed. The functionality and efficiency of its inner cable management and the clean result of the technology integration will make this VIDEO PANEL design like no other.

## TABLES

Whether narrow or wide, long or short, you will be able to fully enjoy your collaborative space thanks to our NOVA tables. Our tables are available in many configurations with a capacity of 4 to 12 people.

The inner cable management and the installation for the connections have been the key focus on this product, providing you a clean and fully functional design without the classic wire mess.
