* Actual product appearance may differ from the image above.

Slim Design & Vertical Side Jack

UT782H series with sleek and metallic design fits perfectly for your space. Especially, the vertical side jack optimized for business environments is specifically designed to meet customer's needs.

* The configuration of jack interfaces can differ by regions.

Special White Color for Your Cruise

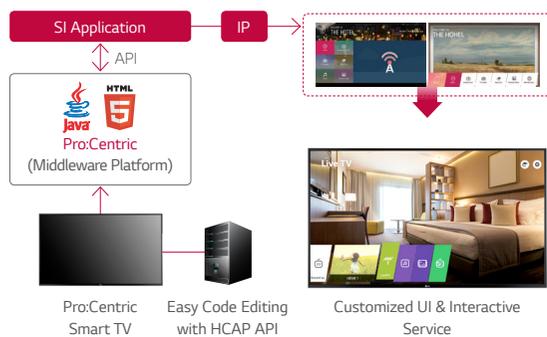

One of the most important things passengers see when they are aboard your cruise ship would be color. So If you want to offer a special atmosphere for them, try our white color option that gives more comfortable and aesthetic moods to you and passengers.

* This color is limited for the UT782V model.

Pro: Centric Hotel Management Solution

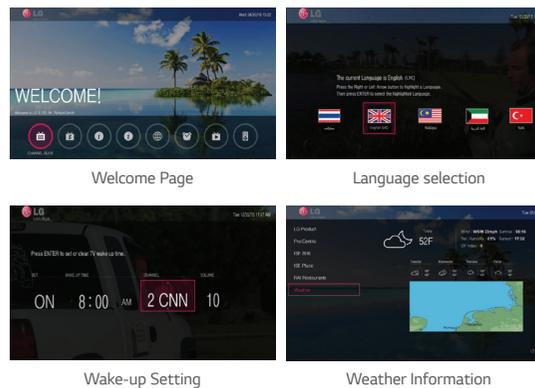

Pro:Centric SMART offers customized services for hotel guests through an IP & RF infrastructure. With its high picture quality, sophisticated design and advanced connecting functions, it enriches in-room entertainment and increases convenience through high-end technology.

* Actual UI may differ

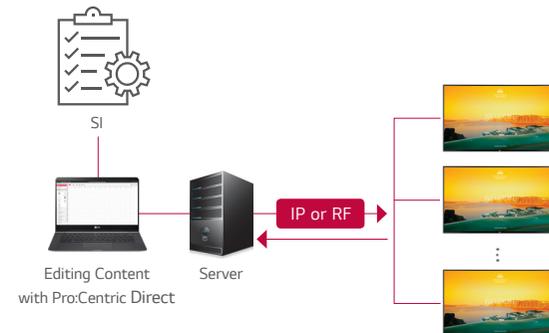

Pro: Centric Server Application

You can now differentiate your hotel with our customizable templates and pages. Pro:Centric provides you with a solution that is easily customizable for your business.

Pro:Centric Direct Solution

Pro:Centric Direct is a hotel content management system that supports simple editing tools and provides various solutions such as 1-click service and IP network-based remote management. With these solutions, users can easily edit their interface, provide customized service, and efficiently manage all TVs. PCD version 3.0 offers IoT based in-room & voice control through LG embedded Natural Language Processing (NLP). These features will prepare hotels for the enhanced future by AI.

Smart TV by LG webOS 4.5

This LG Smart TV adopts webOS 4.5. Explore the latest LG Smart TV features, and innovative technology, such as remarkable clarity, and lifelike colors.

webOS

* Actual in-screen image may slightly differ.

Voice Recognition

From seamless interaction to consistent user experience, LG is going one step further to lead the commercial TV market by voice recognition, allowing users to easily control LG TVs. Our stable and dependable solutions based on webOS and Pro:Centric Direct will significantly enhance the competitiveness of your products and services, helping you achieve a successful and fulfilling business.

- * TV Smart Control
- * Server Based control
- * Magic Motion Remote is required (sold separately)

SoftAP

Software-enabled Access Point (SoftAP) is a "virtual" Wi-Fi that uses software to create a wireless hotspot. The current version supports Bridge Mode, which enables network managers to control connected devices.

* SoftAP should be set in the installation menu after the TV is turned on.
* Smart Mirroring may not operate at the same time.

Instant On

The high speed loading system enables users to enjoy content immediately after turning on the TV.

Quick Menu

Now LG provides the new Quick menu (ver. 3.0), making it easier and more user-friendly than ever. The home menu solution has been upgraded in a big way with the addition of the new Hotel Promotional Video Creation Tool. Users can now also use Quick Manager for easy information distribution throughout the same network without a server or USB Cloning function, making perfect solution for Stand Alone Usage Scenes.

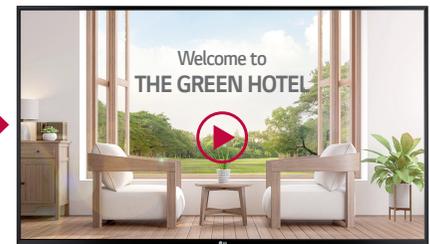

4 Templates

Welcome Video / Screen

With the capability to display repeatedly various video formats as well as images, Commercial Lite TVs allow various greeting messages in hotel rooms which make customers feel more welcome and cared for.

Conventional TV

LG UT782H

EzManager

EzManager provides convenient installation function that helps to set up Pro:Centric TV automatically without extra setting efforts. Auto-installation requires only 1~3 minutes while manual installation does 3~5 minutes.

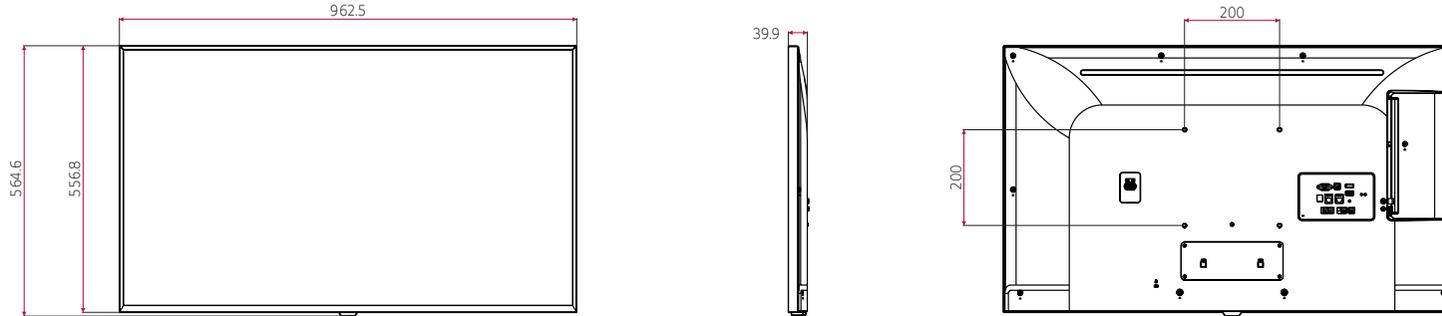

Pro:Idiom

Prevent any illegal copying of content by the widely used DRM (Digital Right Management).

Upon Initial Installation
