OVERVIEW

Vaddio's PrimeSHOT 10 HDMI camera offers high-definition performance at an outstanding value. Ideal for meeting rooms, lecture halls and houses of worship, PrimeSHOT 10 HDMI provides outstanding low-light performance, and excellent 1080p image quality.

With simultaneous HDMI and IP streaming outputs, the PrimeSHOT 10 can broadcast the stream directly to your preferred live streaming client and send video to a local display for easy IMAG (image magnification).

PrimeSHOT 10 HDMI features 10x optical zoom, plus an easy, intuitive web-based user interface for remote configuration, management and control. Customizable PTZ presets and controls make PrimeSHOT 10 perfect for rooms with multiple focus points.

FEATURES

- 10x zoom with 67 degree horizontal field of view
- Simultaneous HDMI and H.264 (RTSP or RTMP) IP streaming outputs
- Video image adjustments such as manual color compensation, saturation and iris
- Custom PTZ presets
- Free Vaddio Deployment Tool for remote management, updates and more
