

**Low "monitoring" floorstand for flat panels up to 60 Kg. More suited for fixed situations.**

Free standing double column floor monitor stand suitable for flat screens. This low version floor stand is specially designed for floor monitoring purposes.

The standard height of the floor stand is 400 mm. The flat screen can be landscape mounted and inclined to approx. 60 degrees for an optimum visibility with a low presentation height. The two vertical columns are mounted on a rigid floor plate.

- ▲ Suitable for floor monitoring purposes
- ▲ Modern design with anodised aluminium columns
- ▲ Audipack flat panel Lock-n-Secure mounting system
- ▲ Suitable for all brands of flat panels
