FLEX-800®, the ultimate monitor fixation

Audipack introduces "the ultimate FLEX-800® solution for flat screens" for all possible configurations.

The impossible becomes an easy task with the new FLEX-800® series. The FLEX-800® series offers flexible mounting solutions for flat screens on floor stands, trolleys, wall mounts, ceiling mounts etc.

Due to the flexibility of the FLEX-800® system, you can build any desired configuration. From a simple 2x1 to 7x3 configurations. Choose from the various components and the installation is a matter of minutes.

The unique feature of this product is the comprehensive suite of components which also are compatible with the Audipack 700, 800 and 900 series floor stands.

Wall fixations, stand-alone units in broadcast studio's, multiviewers or CCTV rooms. The system is ideal for permanent installation, but also for rental.

Modular and flexible; that's what FLEX-800® series means to you.

▲ *Fast and easy installation*
▲ *Quick flat panel installation and removal*
▲ *Flexible with many components*
▲ *Compatible with 700, 800 and 900 series*
