

Features

- * 8 channels timing sequence ON/OFF.
- * Single channel maximum load power is 3500W, all channels total power load is 6000 W.
- * Input connector: high power line code of power connector.
- * Output connector: 4 way16A power socket and 4 way10A power.

Specifications

Model	TS-830
Rated Output Voltage	~220-240V 50/60Hz
Rated Output Current	30A
Controllable Power Source	8 way
Every Road Action Delay Time	1s
Power Supply	~220-240V 50/60Hz 30A
Single Rated Output Power Supply	16A
Dimensions	484 x 299 x66mm
Weight	4.9KG
