

## FOUR THINGS FOR A SUCCESSFUL BUSINESS

### The Importance of Family

Not every entrepreneur has a soulmate, not will we all have children. But it is important to think about success beyond just the material or power one might ultimately yield.

### Analyze Your Competition

Competition breeds the best results. To be successful, you can't be afraid to study and learn from your competitors.

### Get Organized

A good way to be organized is to create a to-do list each day. As you complete each item, check it off your list.

### Keep Detailed Records

All successful businesses keep detailed records. By doing so, you'll know where the business stands financially and what potential challenges you could be facing.

**UHD Signage** 98/86/75" UM3DG-H

# LG UHD Large Screen Signage

Large Screen Size

Clear View with Non-glare Coating

Superb Picture Quality

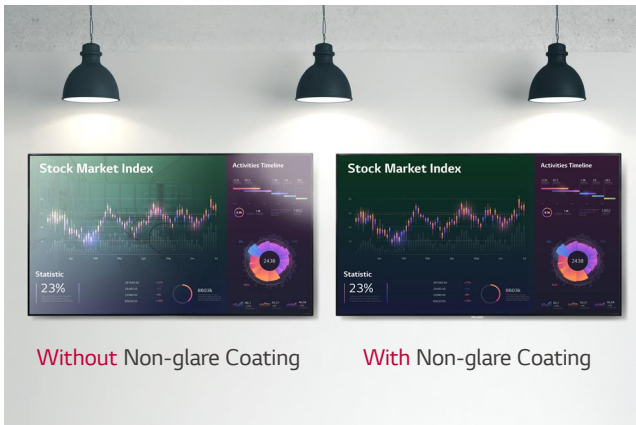

webOS Smart Platform

Meeting Room Solution

## SUPERB PICTURE QUALITY

### Clear View with Non-glare Coating

Viewers can be annoyed by unnecessary reflections when watching a screen under brightly lit conditions. The UM3DG-H series has reduced such inconveniences by increasing the level of haze, which enhances visibility and text readability.

\* The images listed are for reference only and the actual reflection can be different.

### ULTRA HD Resolution

With the resolution that is 4 times higher than FHD, it makes the color and details of the contents more vivid and realistic. In addition, the wide viewing angle applied with an IPS panel, provides clear contents.

## webOS SMART SIGNAGE PLATFORM

### High-Performance with webOS

Built-in Quad Core SoC can execute several tasks at once while providing smooth content playback. Also, LG webOS smart signage platform enhances user convenience with intuitive GUI and provides to SI or/and developers simple app development tools such as SDK (Software Development Kit), SCAP, sample applications.

### Various Sensor Connection

LG webOS smart signage platform helps to easily provide value-added solutions by supporting simple connections with external sensors\* such as GPIO, NFC/RFID, temperature sensors, etc, via USB plug-in.

\* External sensors need to be purchased separately and tested for compatibility with webOS platform.

## USER CONVENIENCE

### Built-in Speaker

Contents will be enriched with sound effects from built-in speakers, without the need for purchasing or installing external speakers.

### Wireless Access Point

The UM3DG-H series operates as a virtual router which can be a wireless access point for mobile devices.

\* Maximum 10 units of the mobile devices can be connected via softAP.

## MEETING ROOM SOLUTION

### Compatible with AV Control System

The UM3DG-H series supports Crestron Connected® for high compatibility with professional AV controls to achieve seamless integration and automated control\*, boosting business management efficiency.

\* Network based control

### Compatible with Video Conference System

For the optimum visual meeting, the UM3DG-H series supports its compatibility with Cisco System that offers powerful and integrated control\* for a smarter video conference.

\* Using an HDMI cable connection

## EASY MANAGEMENT

### Mobile & Web Monitoring

Through the Control Manager, the embedded web monitoring solution, you can control and monitor the status of the UM3DG-H series displays in different locations in real-time. It is available on internet connected devices, allowing you to flexibly and rapidly respond to emergency situations.

\* The mobile devices need be connected with the Signage IP address and can control one Signage at a time.

### Real-time ConnectedCare Service

Maintenance is easy and fast with the optional ConnectedCare\* service, a cloud service solution provided by LG. It remotely manages the status of displays in client workplaces for fault diagnosis and remote-control services, supporting the stable operation of clients' businesses.

\* The availability of the 'LG ConnectedCare' service differs by region, and it needs to be purchased separately. So please contact the LG sales representative in your region for more details.

# PRODUCT INFORMATION
