2m long USB Full-Featured Type-C cable for USB 3.1 Gen1

Details

This Type-C to Type-C USB cable offers data speeds up to 5Gbps and allows users to connect their laptop or other devices to Lightware’s USB-C compatible extenders and switchers. The cable’s length of 2m is ideal for most meeting room and presenter’s desk applications.

The cable proved itself to work with great efficiency with our new USB-C capable **Taurus UCX** as well as with various source devices. Its reliability, build-quality and technical parameters make this accessory our number one choice for projects involving USB-C connectivity.
