It's great to have solutions...

FACT SHEET

CMV4-1500TG

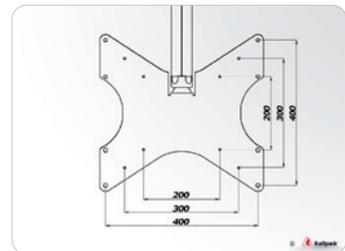

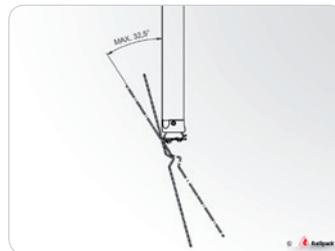

**VESA 200, 300 and 400 ceiling mount,
telescopic length 905-1500 mm**

VESA 200, 300 and 400 ceiling mount with pivot,
telescopic length 905-1500 mm.

An elegant solution for installing flat panels with VESA 200,
300 and 400 to the ceiling.

The minimalistic designed ceiling mount hides all needed
cables through the tube. With the new ball-joint the screen
is easy to aim towards the viewer.

- ▲ **A minimalistic design**
- ▲ **Excellent cable management**
- ▲ **Available in several lengths**
